CUSTOMER TESTIMONIALS

Read what some of our customers have to say about the services Compass Mortgage offers...

"We are so impressed with Compass and the integrity of your company - you guys are great ! We have worked with Compass Mortgage on 4 different occasions. Each time we were given great advice, many options to choose from, competitive rates and reasonable closing costs. In addition, the staff at Compass is competent, friendly, courteous and a real pleasure to work with. We will surely tell our friends and family about Compass. As far as we're concerned, when it comes to mortgage financing there is only one place to go and that place is Compass Mortgage."

Paul & Christina Baaske, Glen Ellyn

"We have refinanced with Compass three times in the last two years – tracking interest rates downward – when it worked to our advantage. Their straight forward approach and genuine concern about what was best for us – was what impressed us the most. Their Refinance Decision Making Calculator is a powerful tool and helped us to fully understand both our current mortgage and then to see very clearly the advantages of refinancing. They helped us to understand that one of the primary reasons for refinancing is to limit the amount of money that we spend on interest expense and to focus on building equity in our property.

In addition to the great advice and service – the staff at Compass is professional and a real pleasure to work with. When it comes to your mortgage, you need a place that you can trust. Compass is such a place and it's the reason that we have referred our family and friends to Compass Mortgage for all of their mortgage financing needs too."

Kurt & Meg Tillman, Glen Ellyn

"My wife and I recently refinanced our home through Compass Mortgage. We felt it was time to take advantage of the low interest rates and to consolidate some debts that were generated due to tuition costs growing out of my doctoral program and having two children in college.

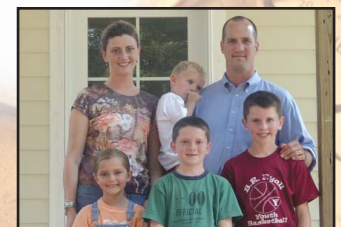

Since we are busy in our own worlds and have virtually no knowledge of the complexities related to the mortgage industry, it was great to have such a credible company like Compass managing our affairs. The staff at Compass gave us great advice and provided us with a wide range of options to help ease the financial burdens that can affect the average homeowner.

In a nutshell, Compass conducts their business with uncompromising integrity; we were more than pleased with the service that we received and are pleased to recommend their services."
